
ValleyCare Health Systems

Livermore, CA

OWNER	ValleyCare Medical Health Systems
ARCHITECT	V.C. Wong
YEAR COMPLETED	2002
OFFICE	Silicon Valley

The ValleyCare Medical Health Systems project included the complete reconfiguration of the decommissioned ValleyCare Hospital site. A 132,000 SF, two-story, concrete tilt-up building, and a two-story steel-frame building was constructed.

Phase I included a 30,000 sf, Surgery Center / Urgent Care Facility along with medical office space. Phase II, Lifestyles Center, included the construction of a cardiac rehabilitation and athletic club facility. Phase III consisted of the remodeling of the existing hospital into a medical office complex. Total value was \$38 million.
