Corporate Interiors

The first project of its kind from shopping center developer, Westfield Corp., Bespoke is a 35,000 SF co-working, demonstration and event space on the 4th floor of the Westfield San Francisco Centre. Phase I of the high – profile project includes an 18,000 SF customizable divisible event space which includes mall facing “conference rooms” that transition into pop-up storefronts. The 2,000 SF demonstration area displays 30-foot state-of-the-art digital walls, high-tech infrastructure with touch surfaces and plug and play areas. This project had stringent acoustical requirements.
