OWNER

Carolina Herrera

ARCHITECT

Kenneth Park Architects

COST

\$1,500,000

DURATION

8 Weeks

TOTAL GROSS SQUARE FEET

2,500

MARKET SECTOR

Retail

Carolina Herrera's second San Francisco-based store is located in the Westfield San Francisco Centre. This project includes the tenant build-out and creative re-use of the existing 2,500 SF space featuring high-end finishes and signature millwork and casework. The architectural rebuild and installation of the granite facade is a signature element of this store. The team delivered the project on an eight-week, fast-track schedule.
