San Francisco Recreation & Parks

ARCHITECT

Paulett Taggart / tef DESIGN

COST

$17,500,000

DURATION

20 Months

MARKET SECTOR

Civic / Public Work

Build Group performed a seismic retrofit and renovation of the community public pool while also constructing a new clubhouse on the property. The scope of work included hazardous material abatement and then new finishes, pool electric and mechanical systems, circulation systems, windows, locker rooms and showers, and structural upgrades. We enjoy these projects that have a big impact on our community.
