Work

COST

\$7,200,000

TOTAL GROSS SQUARE FEET

15,000

MARKET SECTOR

Healthcare

STRUCTURAL ENGINEER

Mehri Ansari

This renovation had a significant focus on seismic upgrades and modernization. Build Group completely redid this 1960s public clinic by adding structural concrete shear walls, new murals, an elevator, and state-of-the-art healthcare equipment. To keep the clinic open during construction, we added temporary corridors for patients and placed trailers in front so that Maxine Hall could continue its top-notch service without disruption.
