MBH Architects

COST

\$8,500,000

DURATION

5 Months

MARKET SECTOR

Food & Beverage / Restaurants

This full build-out showcases the power of location and brand-name real estate. This Tyler Florence-branded restaurant is located in the 11-acre plaza surrounding the Golden State Warrior's new Chase Center. The goal was to modernize an old-school style steakhouse through high-end leather booths, a massive lobster & oyster tank, and quality design elements that Build Group brought to life on time and under budget.
