City of San Francisco Department of  
Public Works

**COST**

\$7,200,000

**DURATION**

5 Months

**MARKET SECTOR**

Healthcare

**STRUCTURAL ENGINEER**

SF Public Works

An existing and active hospital in need of retrofitting is a difficult job and requires extensive coordination. Build Group streamlined this by working during very specific hours so as not to impact patients. We demolished and rebuilt an inpatient care ward, relocated the existing rehab department from the basement, and repurposed the remaining space into offices and outpatient clinics.
