OWNER Anne Fontaine USA, Inc.  
ARCHITECT Tuller McNealus Feld  
YEAR COMPLETED 2009  
OFFICE San Francisco

This simple, yet elegant 1,100 SF retail store was a full design/build MEPS project. With the architect located in New York, the construction team employed a local firm for all plan stamping and permit -expediting.

The interior of this store showcases clean, European-style millwork and fixtures, complimented by beautiful French limestone floors. The design features are subtly illuminated with recessed lighting.

Additional work included the construction of two fitting rooms, a restroom, a storage room, storefront and canvas awnings.
